## USA NATIONAL CROSS COUNTRY

The USA National Cross Country Championships move to Spokane, WA on February 13th. Expected to compete are a host of former CU Buffaloes with Dathan Ritzenhein leading the way. "Ritz" is coming off an excellent track season where he broke Bob Kennedy's long standing American 5000 meter record, posted a personal best in the 10,000 meters and captured a bronze medal at the World Half Marathon Championships. To read more about Dathan and his accomplishments check out the November issue of the BRR Newsletter which is available on line via our homepage. For more information on the USA National Cross Country Championships

go to [www.usatf.org](http://www.usatf.org). We will be cheering not only for former CU Buffaloes like Dathan and Jorge Torres, Billy Nelson, Stephen Pifer and Tera Moody but current ones as well. Coach Mark Wetmore makes the USA XC meet a regular part of the schedule and we should have at least one or two athletes in the junior race. This year the Buffs will send Laura Tremblay a freshman from Loveland and Dillon Shije from New Mexico. The Boulder Road Runners will be sending teams in several division and there is still time to join a group if you are interested. Contact me, Rich Castro if you are in the

60+ category for the men and Gail Hunter for the women. Our 80+ men's team will make history as they become the first complete team to travel to a national meet. Last time an 80+ team was entered was right here in Boulder when we hosted the meet in 2007. The team will be comprised of Ken Wright, Bill Turley, Rod Smythe and honorary team captain 90 year old Irving Weiss.

## WOODWISE SPONSORS FIRST MONDAY

The First Monday Social on January 11th will be sponsored by Woodwise and owner Clarence Harrison. Clarence has been a long time BRR member and active in the Boulder running community of many years. Following our traditional format members will receive two complimentary drink tickets courtesy of Woodwise and the Walnut Brewery will be offering half price spe-

cial on all appetizers and drinks during our social from 5:30 to 7:00 PM. Something you wine drinkers should enjoy. The food and gratuity are the responsibility of the individual club members. We will remain at the "NUT through the month of May and other sponsors include: Jim Christoph,

Attorney, Altitude Physical Therapy, Solepepper Sports and The Bolder Boulder. National Running Day will once again be at the Avery Brewing Company and serve as our monthly BRR social on June 2 and will be jointly sponsored by our club and the Boulder Running Co.

## 2009 USATF NATIONAL CLUB CROSS COUNTRY CHAMPIONSHIPS, LEXINGTON, KY

At the recent National Club XC Champs individual medalists included Tom LeMire (bronze) and Betty Valent (gold). The men's 60-69 team finished third and was comprised of Rich Castro, Dave Dooley, Bob Cooper, Tom LeMire and John Roeske. The women's 50-59 team finished 7th and included Lorraine Green, Loraine Gruber, Patti Castro, Nancy Antos and Betty Valent. Also competing were Richard Valent and Forest Barclay. The USATF National Club Cross Country Championships is scheduled for Charlotte, NC on December 11, 2010 so save the date and plan on joining us at this great club event.

**The Sunday Group Run** continues to be one of the cornerstones of the Boulder Road Runners. The group meets in the rear parking lot of the First National Bank of Colorado, 3033 Iris Ave. start time is 9:00 AM until after the Boulder Boulder, which falls on May 31, 2010 this year. Refreshments are provided post run to encourage runners to stick around and interact with the running community and potential future running partners. Runners visiting Boulder after a long time away are amazed that the tradition continues uninterrupted after 31 years which is quite a testament. *The 2010 BRR Club Directory will be offered to current club members in a digital format upon request. So if you want to update your contact information notify Connie Harmon: [brr\\_membership@comcast.net](mailto:brr_membership@comcast.net) The advantages are much lower cost to the club and it can be updated throughout the year.*

### LOOKING FOR A GROUP TO TRAIN WITH?

Looking for a low key group to train with throughout the year? I lead and coach a group that meets Tuesdays/Thursday at Flatiron Athletic Club at 7:00 AM. FAC does offer BRR members a nice discounted rate to join as well. They have great facilities and the trails are only 3 kilometers away from the CU track and the South Boulder Creek Trail is 10 minutes away. You do not have to be a member of the Flatiron Athletic Club to join us. On Saturdays there

is a scheduled long run from the Left-hand Trail Head parking area on Neva Rd. (one mile east of U.S. 36) and the entry road to Lake Valley Golf Course. The area offers country roads, open space trails and paved roads and plenty of hills. We are currently meeting at 8 AM through February. Contact me if you have questions or want more information. You can call me at home at 303-449-6650 or e-mail

[Richard.Castro@colorado.edu](mailto:Richard.Castro@colorado.edu).

### THE ROMEOS

The ROMEOS at Turley Restaurant for their monthly breakfast. This is a group of long time BRR Members and the acronym stands for Retired Old Men Eating Out. Seated, from L-R, Bill Turley (who just turned 80), Andy Edmondson, Bill Faulkner, Tam Stubbs, standing, Verne Carlson, Don Hayes, Rod Smythe (who turns 80 1/7/10), Dave Hardwick, Dick Gardner and Irving Weiss (our oldest member at 90). With the addition of Ken Wright the BRR will field an 80+ team at the USA National Cross Country Championships, with Irving serving as the Honorary Team Captain for the squad.

## How to find the best fixed-income investments:

By Dave Gardner, CFP

For the last year or two, looking for good, secure fixed-income investments has been a little like playing a game of Whac-a-Mole. Every time you find a good investment idea, the next time around it seems like you need to look in another hole.

The joke among my financial planner colleagues is that never has so much effort been expended for a measly half-percent yield. Fifty basis points is nothing to sneeze at, though, meaning an extra \$5,000 a year on a \$1 million fixed income portfolio.

Many of us may prefer thinking about the upside of equities, but with a little effort you can also increase returns in fixed income.

Fixed-income investments are used to help us sleep at night and keep our hands off the more volatile (and potentially higher earning) equities. Even those investors who scoffed at risk tolerance questionnaires and pounded their chests on their appetite for aggressive investments were often reduced to a wide-eyed panic as financial Armageddon closed in a year ago.

Fixed income investments enabled my clients to keep their hands off the switch in those dark days and avoid the atavistic urge to sell, sell, sell. Here are some fixed-income options you may not have considered:

**Negotiable CDs.** FDIC-guaranteed certificates of deposit are available at local institutions, but the rates can be relatively anemic at about 1.25 percent with a local five-year CD. Negotiable CDs are also offered by banks around the country, but are traded on the market like bonds and are available through online and traditional brokerage firms.

Just like the CDs at the bank around the corner, most of them are guaranteed by the FDIC up to \$250,000 through the end of 2013.

You can either purchase new issues at face value without a commission or secondary offerings for a modest transaction fee. So how much better can we do than 1.25 percent? There are FDIC-guaranteed five-year CDs currently available that pay a 3.3 percent yield to maturity -- a striking difference.

Unlike traditional CDs, there is no penalty for early withdrawal with negotiable CDs. However, you can lose principal if you decide to sell them before maturity.

Also, take care that you don't invest in some of their more complex brethren -- callable CDs, stepped coupons or indexed CDs -- without understanding the risks. Just like your local institution, it pays to know the financial health of the bank standing behind the negotiable CD through Web sites such as [bankrate.com](http://bankrate.com).

Even though you're protected by the FDIC, you don't want to get your principal back two years into a five-year CD if interest rates happen to be in a swoon.

**Treasury Notes and STRIPS.** In an interesting flip, for the past few months Treasury Notes and STRIPS are now beating the yields of most CDs. That's true even without considering the advantage of Treasury income being free from state income taxation. Five-year Treasury Notes pay 2.11 percent annually at this time, beating the locally available CD mentioned earlier by almost 1 percent.

Treasury STRIPS, like Notes, are guaranteed by the full faith and credit of the U.S. government. However, they do not generate interest every six months, but instead pay all accrued interest at maturity. They're perfect for bond ladders with their predictable income streams in future years.

If you're in an upper income tax bracket, watch out the "phantom income" of STRIPS that is taxed even though the investor must wait until maturity to receive it. That's why tax-deferred accounts such as IRAs are the best place to hold STRIPS. Notes are available from [treasurydirect.gov](http://treasurydirect.gov) or your broker or financial planner, who can offer Treasury STRIPS as well.

So you can see with a little diligence, you or your adviser can discover a gift this holiday season -- additional income without additional risk.

Hey Rich & The BRR

Hope you had a nice Holiday Season. This is an email that went out and I wanted to make sure you were included. I am not sure if you are familiar with the Air Foundation but briefly it is a nonprofit group that is affiliated with the Denver Rescue Mission and basically they work with former Homeless individuals and addicts and as part of their rehabilitation they train for Marathons. I am working closely with the organization to bring awareness to how they are literally saving lives through running. Some amazing success stories have come from this organization. They are hosting an evening to launch their Rescue Runners Program here in about 10 days in Denver at the Jet Hotel. It will be a nice evening and we are reaching out to anyone in the Running Community so any Road Runner would be welcome to attend. Let me know if you have questions, there are links below with more info.

Thanks Rich, talk to you soon.
